## EXPERIENCE

### Junior UI Developer

Level Five Solutions

 August 2020 – Ongoing

 Overland Park, KS (Remote)

- Implement client websites with an intentional focus on user experience and the ultimate goal to create digital experiences for local favorites, big brands, and non-profits.
- Utilize various technology stacks to satisfy clients' requirements including ASP.NET/SQL/Azure, React/React Native/Firebase, and more.

### Software Engineer

Hoffman Strategy Group

 May 2020 – Ongoing

 Lincoln, NE

- Oversee the development and deployment of Hoffman Analytics, a web application aiding in the quantitative and qualitative analysis of commercial real estate projects.
- Conduct a complete system redesign to maximize user productivity and business value using React with Material-UI and AWS Amplify.

### Software Engineer Intern

Spreetail

 May 2020 – July 2020

 Lincoln, NE (Remote)

- Developed and tested .NET Core microservices including back-end APIs, Kubernetes CronJobs, and RabbitMQ events in various e-commerce related internal applications.
- Served as the Brand Analyst on the eTern Brand Agency which included brainstorming and executing weekly social media posts highlighting the intern experience.

### Football Student-Athlete

University of Nebraska-Lincoln

 June 2017 – Ongoing

 Lincoln, NE

- Balance and manage academic and athletic responsibilities, taking 15 credit hours a semester and investing 20+ hours a week in football-related activities.
- Communicate and collaborate with a diverse group of student-athletes, coaches, and athletic department staff members.
- Demonstrate discipline, a strong work ethic, and a competitive drive on and off the field.
- Serve as a positive ambassador and role model for the University of Nebraska by promoting dedication to academics, hard work, and the community.

## PROJECTS
